ARCTIC GLACIER WINTER PARK AT THE FORKS

JOIN US IN ARCTIC GLACIER WINTER PARK THE FORKS' OFFICIAL CELEBRATION OF WINTER!

OPEN DECEMBER-MARCH

AMENITIES

The Plaza Skating Rink is artificially cooled, allowing the skating surface to stay frozen earlier in the winter and remain later into the spring. The canopy above the ice surface is beautifully lit and has music piped in.

Skate Rentals are available at the Mini Donuts Factory located adjacent to the skate changing area in The Forks Market Atrium. Rates are \$2.00 for children and \$3.50 for adults. Call 257-0288 or 253-7600 for group bookings.

The Snowboard Fun Park is bigger and better this year with a variety of rails, table tops, jumps and fun-boxes. Drop in ramps are located in the skateboard park and the bowl has been modified to allow snowboarders to drop in and ride out.

The Toboggan Chute runs off a small tower in Festival Park next to Scotiabank Stage.

Olympic Sized Skating Rink is located adjacent to the Scotiabank Stage and is available for leisure skating and pick-up hockey games. The rink is maintained daily with a zamboni for excellent ice conditions. Hockey nets and warming huts are provided.

1.2 km of Skating Trails connect the largest portion of Arctic Glacier Winter Park to The Plaza and Market areas and wind their way through The Forks site. All trails, rinks and the river are connected to the Plaza with rubber mats. Warming huts and many benches are strategically placed along the trail.

Festive Lights keep the entire site colourfully lit and provide a warm, beautiful glow.

Great-West Life 20' Snow Sculpture, entitled Fun 4 All, will be sculpted by artist Denis Savoie in early January, depending on weather conditions.

Warming Firepots will be provided on Friday, Saturday, and Sunday evenings beginning in late December.

WINTER ADVENTURE PROGRAMMING SUNDAYS BEGINNING JANUARY 13 – MARCH 2

* **12PM – 4PM**

Horse Drawn Wagon Rides

Hop on and enjoy a ride around the Forks site.

Free of charge. Presented by Omni Facility Services.

* **1:30PM – 3:30PM**

Great-West Life Snow Sculpting Workshops

Learn how to create your own snow sculpture using snow blocks and child-friendly carving tools on The Forks Market Plaza.

Investors Group Teepee Story Telling and Art Program

Join members of the Aboriginal community inside two traditional teepees and learn the history of the structure while creating your own.

Snowboard Clinics

Visit the snowboard hill on Sunday afternoons for tips and instructions from a certified snowboard instructor.
