

## THE PLAZA AT THE FORKS SKATE PARK

Internationally recognized as one of Canada's top skateparks, The Plaza at The Forks features an urban landscape filled with obstacles, including banks, rails, ledges, stairs, and wheelie pads—ideal for both experienced and aspiring skateboarders and BMX cyclists. Slightly divided into two areas, the park offers a shaded section with trees where beginners can practice and experiment, as well as a deeper drop into the iconic bowl for more advanced tricks.

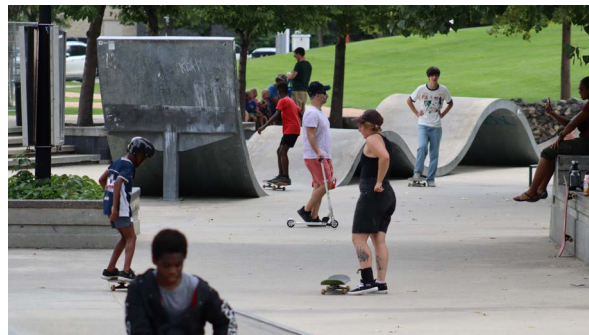

The bowl showcases a public art piece by graffiti artist Mr Cenz, a mural honoring the late Jai Pereira, a local skate legend. Framed by the CN Stage and Field and with views of the Canadian Museum for Human Rights, the skatepark provides an iconic urban backdrop for athletes and those passing by.

### CAPACITY

Accommodates up to 2,500 guests, making it an ideal venue for skateboarding events such as competitions, as well as community gatherings and activations.

### AMENITIES

- Power access (equipment not included)
- Nearby water bottle refilling station (no other water source on site)
- Vehicle access via the roundabout nearest The Plaza

rolling banks, ledges, and stairs, in the plaza area

elevated areas with ledges and jump boxes
